Nation Will Go to Polls Tuesday

Antioch Ends Season With Wauconda Here; Defeats Fenton 45-13

Sequoits Will Battle to Hold Second Place Position in Conference

After tucking a 45-13 victory over the Fenton Bisons under their belts Saturday, the Antioch Sequoits prepared for their last game of the season with Wauconda here Saturday night.

Antioch will be battling the Bulldogs for second place position which the Sequoits hold at present with a 4-2 record.

The unseen foe also will be Grayslake which now is in a tie with Wauconda for third place with a 3-2-1 record.

It will be the final game of their high school career for some of the Antioch players. Graduation this year will take Capt. Jerry Huml, and Roger Plechaty, ends; Jim Lyslund, center; Ray Van Patten, tackle; Earl Deppe, quarterback; Lennie Christiansen, and Bill Barnstable, halfbacks, and Dick Schell, fullback.

Wauconda Strong Opposition
Wauconda loomed as a strong contender last Saturday when the Bulldogs defeated the Grayslake Rams 13-7 before a large Homecoming crowd. This wasn't as much as a week earlier, but it gave notice that the Antioch boys will have to play heads-up ball to win.

All they need to do is play the kind of ball they have been capable of during the games with Grayslake and Fenton.

It was Earl Deppe's passing that sparked the offensive against Fenton. (Continued on page 5)

Turner Will Address Antioch Woman's Club At Scout Home Nov. 5

Paul Turner of Turner Gardens, Rte. 50, Kenosha, will be the guest speaker at the Antioch Woman's Club when it meets at the Scout Home at 1:30 p.m. Monday. The Garden Section of the club is sponsoring his appearance.

He is a well known horticulturist in the Midwest and is in constant demand as a speaker. His lecture will include the latest garden news and instructions for fall and early spring planting as well as garden care. Tulips and peonies will be among the plants that he will discuss. Colored slides will be used in the program.

Mrs. Homer Gaston will head the hostess committee and will be assisted by Mesdames Jean Van Patten, Ben Burke, Edward Cranley, O. W. Turner, Howard Gaston, E. J. Sletten, Myrus Nelson and Fred Swanson.

Channel Lake To Elect Seven-Man School Board Saturday, November 3rd

Electorate of the Channel Lake School district will go to the polls Saturday, November 3, to elect a new seven-man school board. Results of a recent census of the district have shown that more than 1000 voters reside in the district, and County Superintendent of Schools W. C. Petty, has arranged for the election in order that the school board will have the proper number of board members.

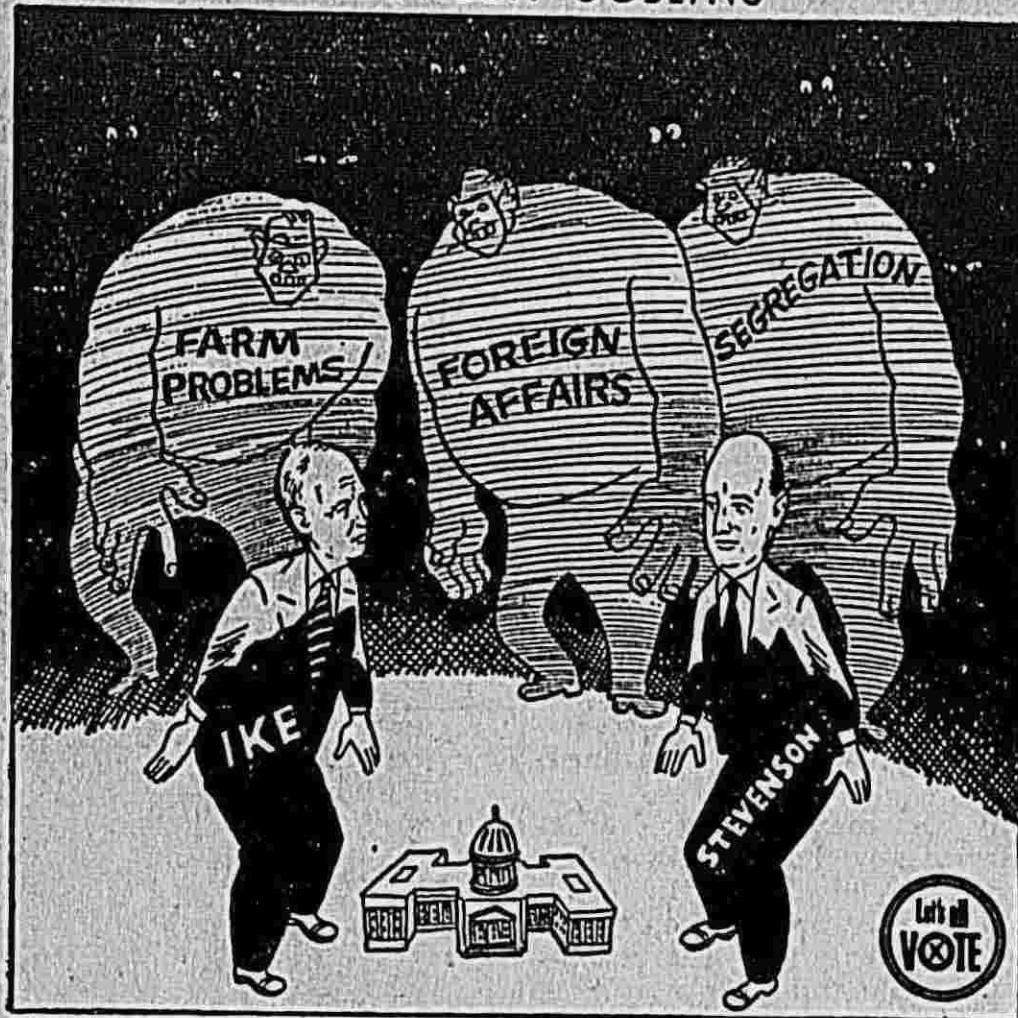

The previous board consisted of three members, all of whom are seeking re-election.

The ballot will carry the names of nine persons: Elmer E. Eberman, former secretary; Vern Heath, president; Edw. J. Hucker, member; New candidates are Dr. Stanley P. Anderson, Russell F. Roepenack, Lucille Kuechenmeister, Ruth McGlynn Trussell, Charles Lee McKinney and James W. Waters.

The polls will open at 12 noon on Saturday and close at 9 p.m. After the election, an organization meeting of those elected will be held under the supervision of Petty and officers will be chosen.

Antioch Fresh Beat Zion
The Antioch High School Freshmen team defeated the Zion Freshmen here Monday 13 to 6.

HALLOWEEN GOBLINS

Board Asked to Decide Parking Lot Purchase At Meeting Tuesday

Negotiations for the purchase of property within the village limits to be used for public parking have been completed and the board at its meeting next Tuesday will be called upon to accept or reject the proposal of the owner.

Atty. E. C. Jacobs, who has represented the village in the negotiations, said that the site and the amount asked for it will be revealed at the board meeting.

The village trustees have gone on record as promising to use the greater portion of the sales tax revenue to purchase off street parking. Indications that the proposal to obtain parking space at the rear of the stores in the east side of Main street has bogged down is evidenced by the fact that nothing has come up before the board in recent months while persistent efforts have been made on a deal for land west of Main st.

Lillian E. Quilty, Dies After Long Illness

Mrs. Lillian E. Quilty, 55, 975 Spafford Street, died October 27, at 11:30 p.m. at St. Therese hospital, following a lingering illness. Mrs. Quilty was born December 27th 1900 in Chicago and made her home there until moving to Antioch in 1938. She was a member of St. Peter's Church and Altar and Rosary Society.

Survivors are five sons Harry and Thomas of Chicago, Patrick of Waukegan, Jerome and Martin of Antioch, three daughters, Mrs. Margaret Messner of Trevor, Mary Ann and Joanne of Antioch, a brother John Martin of Chicago and seven grand children. Her husband Thomas R. Quilty preceded her in death July 23, 1952.

Funeral services were held at 10 a.m. Tuesday at the Strang Funeral Home and at St. Peter's Church at 10:30 a.m. Interment was in Mt. Carmel cemetery, Antioch.

Pirates of Wilmot Beat Mukwonago and Burlington In Week

The Pirates of Union Free High School, Wilmot, continue to run roughshod over their conference competition, with Burlington being the latest victim Wednesday night. The Pirates ran up an impressive 32 to 4 score over the Burlington team on the Burlington home field.

In last Friday's game, with Mukwonago for opposition, the Pirates steamrollered to a 31 to 12 victory. Wilmot maintained its winning ways with a victory last Friday over Mukwonago. The score was 31 to 12. Again, Dick Timmer, was the outstanding player, making long runs and intercepting a Mukwonago pass. His record was 122 yards rushing on nine carries, and another 69 yards gain on four pass completions in six attempts, makes him about the best quarterback in the league.

Mr. and Mrs. Charles Tiffany of Waukegan, were guests of relatives in Antioch Sunday.

Firemen Get 8 Calls To Extinguish Grass Fires in Varied Areas

Averaging almost two calls a day, the Antioch fire department eight runs in five days, mostly to grass fires.

The most serious of the fires was on Tuesday at Bluff Lake Lodge near the Steitz Resort, where burning leaves set fire to a tree, and sparks from it set fire to a small shed. The shed was destroyed and a cottage was afire when the firemen arrived. They quickly extinguished the blaze with a nominal loss.

Other calls were recorded by Fire Chief Edgar Simonsen as follows:

Oct. 25, 10 p.m. - Village property, grass fire; Otis Hotel, Grass fire, 10:30 p.m.

Oct. 27 - South of Grass Lake Food store 4:40 p.m. grass fire; Grass Lake, west of George Geib's filling station, grass fire, 7 p.m.

Oct. 28 - Curnes property, grass fire, 2 p.m.; East Loon Lake, grass fire, 4:30 p.m.

Oct. 29 - Loon Lake north of Kadlec's resort; between Soo Line tracks and lake

Oct. 30 - Bluff Lake Lodge, 2:50 p.m.; Back of Ruralite on Rte. 21, grass fire at 4 p.m.

Salem Central Ends League Season With Loss to Port Wash.

Perhaps it was the spell of the new lights, or overconfidence, but whatever it was, it permitted Salem Central to end its season in the Braveland Conference last Friday night with a loss to Port Washington 19 to 7.

The upset was marked by the fact that Port Washington hasn't won a conference game all season. The loss caused a tie with Cedarburg for second place with two victories and two defeats. Watertown became the champion with four victories and no losses.

The victory for Port Washington wasn't a fluke. The Pirates picked up 10 first downs to the Falcons four, amassed 150 yards in rushing to Salems 47, and completed four of the 10 passes for 50 yards while Salem connected there in eight tries for 36 yards.

The Falcons played St. Mary's of Kenosha last night.

Apparently the defeat by Port Washington stung the Falcons, because they came back strong on Wednesday night to whip the strong St. Mary's of Kenosha to the tune of 32 to 25, in a thrilling game.

Score at the half stood, St. Mary's 25, Central 13. The fullback of St. Mary's grabbed the opening kickoff on the six yard line and ran it back for the first touchdown in the first few seconds of play. The same fullback repeated on long runbacks of punts twice more in the first half with runs of 72 and 78 yards.

Coach Valenti apparently gave his boys a real "pep talk" during the half, and they came out for the second half to control the game completely, scoring 19 points and dominating the game. Their gains were a result of ground play and ball-hawking. Half back Cameron recovered a fumble and ran for a TD, and a punt blocked by line backer Mayo resulted in a second score.

Pom Pom, the Clown, Cash Prizes, Make Halloween Party Fun

Public School Children Parade Business District in Striking Costumes

Halloween for the lower grades at Antioch Community Grade school this year will be remembered by the children as one of the best.

They will remember it was the first time the band in new uniforms led the parade down Main St. and back to the school house.

They will remember it because Pom Pom, the clown took part in the parade with his funny antics, and served as master of ceremonies. Likewise, they will remember it because of the many fine costumes and the fact that prize winners got silver dollars as awards.

Edward J. Meekin, known to the children as Pom Pom, the clown declared he had as much fun out of the party as the children did. He was brought to the Antioch Halloween event by the Antioch News who bore the expense. The school shared the presentation of the prizes, and the Home Room mothers provided refreshments. First prize in each of the 17 rooms was \$2 and second prize \$1.

Serving as judges were Mrs. Joseph Patrovsky, Sr., Mrs. John Horan, Sr., and Mrs. Donald Gaston. The prize winners were as follows:

Miss Gail Detrick's first graders - Gordon Koenig, first; Susan Masek, second. Esther Wilton's first graders - Russell Barthel, first; Diane M. Polsgrove, second. Mrs. Laura Horton's first graders - Judith Johnson first; Steve Dotson, second.

Mrs. Eleanor Kufalk's second grade class - Bill Smith, first; Russell Schroeder, second. Mrs. Lucille Whitacre's class - Frank Roblin, first; Candace Meyer, second. Mrs. Barbara Smith's class - Kathy Gaston, first; Louis Tanner, second. Third grades: Mrs. Ruth Bae (continued on page 5)

William A. O'Connell, Retired Express Router Dies at Channel Lake

Funeral services were held today in Maywood, Ill. for William A. O'Connell, 73, who died of a heart attack Monday morning at his home in Woodcrest subdivision, Channel Lake.

The Antioch Rescue Squad was called to the O'Connell home and was unable to revive Mr. O'Connell. Born in Chicago, December, 1882, O'Connell resided in that city until six years ago when he retired from his work as freight router for the American Railway Express Co. and moved to Channel Lake.

Surviving are the widow of Channel Lake, a son, and a daughter, residing in Maywood.

Burial was at Mt. Carmel cemetery, Hillside, Ill.

Coming From Florida To Vote

When Ben Haviland learned from Supervisor Lloyd Murrie in a telephone conversation from Palm Beach, Fla. Tuesday night that it was too late to get an absentee voter's ballot, he decided to fly home for next Tuesday's election. Haviland is just another citizen who appreciates the right to vote in contrast to those who didn't take the trouble to register.

Northwest High School Conference Organizes For Next Year, To Adopt New By-Laws Jan. 8

Organization with plans for a new constitution and by-laws for the Northwest Suburban Conference was effected in part by representatives of the high schools at a meeting in Elia-Vernon High School at Lake Zurich Tuesday. Principal A. L. Dittman, Antioch, was present.

H. L. Wesner, principal of Elia-Vernon, was elected president; Verne Gove, assistant principal at Warren, was made secretary; and Thomas Montgomery, assistant principal at Grant Community High School, was elected treasurer.

Mr. Elde, Elia-Vernon, was placed in charge of assignments of referees for next year.

The representatives will meet at Grant, Ingleside, on Tuesday, Jan.

Where, When to Vote

Voting in Antioch Township Tuesday from 6 a.m. to 5 p.m. will be at the following places: Precinct 1—Antioch Rescue Squad building.

Precinct 2—Antioch Village Hall. Precinct 3—Lotus Country School. Precinct 4—Grass Lake School. Precinct 5—Channel Lake School.

Village Has Only \$400 Fire Loss Within Year; District Loss \$33,594

Fire loss in Antioch was but \$400 for the year ending Sept. 30, according to Clarence Shultis, secretary of the Antioch Fire department.

This small amount was accounted for in five fires over the 12 months in which property valued at \$566,000 was involved.

The firemen received 101 fire calls, 97 of which were within the village and district and the remaining four in aid of other departments. Besides the five property fires there were seven grass fires inside the village limits.

In the district outside Antioch there were a total of 85 calls, 55 of which were for grass fires. Of the 30 calls for property protection, there was a total loss of \$33,594 on property valued at \$246,000.

The main loss in the district was that of barns on the Glenn Traer farm south of Rte. 173 on Rte. 45.

Boy Scout Fund Drive To Start On Monday With \$850.00 As Goal

The approaching Sunday, is "Boy Scout Finance Campaign Day" in Antioch served by the North Shore Area Council.

Robert Taylor for Antioch announced that volunteer workers will canvass all homes beginning Monday and continuing throughout the week. The campaign goal set for Antioch is \$850.00 representing her share of the \$96,715 budget for the North Shore Area Council.

Funds raised in the campaign will be used to provide the services of the Council to the thirty-four communities, the 182 Cub Packs, Boy Scout Troops, and Explorer Posts; the more than 1500 adult volunteers, and the 7800 boys who currently are benefiting from their participation in the Scouting program.

Scouting in the North Shore Area Council is growing tremendously because of the increase in the number of boys available for Scouting. The future growth and development of Scouting in the community depends upon the success of this campaign. The Council must maintain and expand the necessary services if it is to adequately provide for the growing membership and program.

Scouting today is an accepted part of community life. It is purely a local institution. The Scouting program, with its emphasis upon training for participating citizenship, leadership, self-reliance, good character, outdoor skills, and tolerance, is needed today more than ever before by the boys of our communities. The generous financial support of all citizens, whether or not they have boys in Scouting, is important.

Antioch Expected to Cast Heavy Vote For Republican Candidates

Straw Vote Indicates Return of Eisenhower to the Presidency

The national, state and county election Tuesday is expected to draw voters to the polls in unprecedented numbers.

Closing days of the campaign this weekend sees county candidates, as well as state and congressional aspirants firing oral blasts at their opponents.

In Antioch and the rest of Lake County where many Chicagoans have moved in the last four years, a more spirited battle between the Republican and Democratic party is being waged.

Polls taken over the nation indicate that Eisenhower will be returned to office for another four years and Adlai Stevenson of Libertyville will again go down to defeat as the Democratic candidate.

Antioch will do her share in making that come true. This community will also give Governor Stratton a good vote, although his voyage back into office will be a rougher one, according to the polls. Richard B. Austin, a Democratic appointee after the primary candidate resigned, has received the backing of two large Chicago newspapers who formerly supported Stratton.

Everett McKinley Dirksen, Republican candidate for re-election as United States Senator is expected to win over Richard Stengel, Democrat.

Other candidates are: For lieutenant governor - John William Chapman (Rep.) Roscoe Bonjean (Dem.), and Frank Schnur (Rep.).

Secretary of State - Charles F. Carpenter (Rep.), David F. Mallett (Dem.), Gregory P. Lyngas (Rep.). Auditor of Public Accounts - Elbert S. Smith (Rep.), Michael J. Howlett (Dem.) Stanley L. Prorok (Rep.).

State Treasurer - Elmer J. Hoffmann (Rep.), Arthur L. Hellyer (continued on page 5)

Funeral Services Today For Alice McDougall, Rural Antioch Resident

Mrs. Alice H. McDougall, 65, of Hwy. 173 at Fox River, died at 11 p.m. Monday at Kenosha hospital following an illness of nine months.

Born, March 15, 1891, at English Prairie just west of the Lake County line in McHenry County, Mrs. McDougall spent her entire life as a resident of McHenry and Lake counties.

She was a graduate of the University of Illinois in 1914 with a major in home economics, and taught in the Crystal Lake High school and the Channel Lake Grade school.

Mrs. McDougall was a member of the Antioch Methodist Church, the Wesley Circle of that church, the Lake County Home Bureau, and the Antioch Woman's club. She served several terms on the Channel Lake School Board.

She is survived by the husband, Eugene J. McDougall, the daughter, Betty Jean McDougall of Hollywood, Calif., an airplane stewardess, a sister, Mrs. Edith Allen of Green Valley, Ill., two nieces and four nephews.

Preceding her in death were her parents, Frank and Agnes Hatch, and a sister, Mrs. Laura Hatch. Her father at one time owned property along the Fox river between Channel Lake and Grass Lake, which is now a state park.

The funeral service was held at 2 p.m. today at the Strang Funeral home with Rev. Howard Benson of the Methodist Church officiating. Interment was in Cole cemetery in Burton township, McHenry county.

Home From Hospital

Norman Jedele, Tiffany rd. is home from Victory Memorial hospital, Waukegan, where he was taken last Friday after becoming ill suddenly. The examination showed that his illness was from a streptococcal infection and not from a heart ailment as it was feared. He is making rapid recovery.

Subscription Price — \$3.00 per year in advance in Lake, Cook, McHenry and Kenosha Counties; elsewhere \$4.00 per year.

Entered as Second Class Matter at the Post Office at Antioch, Illinois, Under Act of March 3, 1879

THURSDAY, NOVEMBER 2

It is not often that voters of any state have an opportunity to cast a ballot for a man with the outstanding record of achievement of Governor William G. Stratton.

During his first term of office as governor he has accomplished the following advancements:

REAPPORTIONMENT—Fair and equal representation for all the state for the first time in 50 years.
ROAD BUILDING—Greatest construction program in Illinois history—\$370 million completed and a \$415 million super highway system (to be paid for by users) now under construction. Four lane U. S. Route 66 between Chicago and Saint Louis through the heart of Illinois.

INCREASED STATE AID TO SCHOOLS—Raised minimum amount per pupil per year from \$160 to \$200. Over \$100 million more for education brings average to \$1 million per school day.

AID TO CITIES—Provided home rule program which gave cities opportunity to improve their services; more than 850 cities have adopted the plan.

BUDGET CONTROL—Saved taxpayers largest amount in history through personal vetoes of \$28 million of direct state appropriations and \$21 million of other authorizations for spending. Pre-audit system installed in 1953 for all departments under Governor's supervision.

LABOR—Improved working conditions, increased unemployment and Workmen's compensation benefits. New division of Industrial Safety and Education. New record of saving lives in mines with enactment and strict enforcement of first mine safety code since 1916.

AGRICULTURE—Improved inspection services including meat and dairy inspection. \$1,250,000 increase to aid farmers in combating brucellosis and other livestock diseases.

WELFARE—Increased facilities and improved services. Provided beds for all patients (formerly over 800 patients slept on concrete floors), centralized purchasing and food planning. Established 40 hour work week in all welfare institutions.

YOUTH COMMISSION—New department created to meet problems of juvenile delinquency at the community level and provide better methods of individual rehabilitation.

NEW PERSONNEL DEPARTMENT—For first time a department to handle all state personnel problems.

CONSERVATION—Developed six new parks. Built seven lakes. Added picnic and camping areas. Five new public hunting grounds acquired. Wildlife cover planting program doubled.

After reading the above we believe that you will agree that a vote for William G. Stratton for governor

at next Tuesday's election is a vote for achievement and advancement of our state.

GRASS ROOTS OPINIONS

RIVERTON, WYOMING, RANGER: "Increased reliance on the Federal government for services of every description has led to higher income taxes. These taxes have finally risen to a level where people are encouraged to cheat a little if the opportunity arises. The result, we fear, is a general weakening of the moral fiber of the great American people."

ROSEBURG, ORE., NEWS-REVIEW: "It is evident that the average worker considers himself a citizen first and a union member second. Also that more and more are beginning to view with suspicion the political labor stooge."

PECATONICA, ILL., NEWS: "Honestly, though, don't you sometimes wonder where this great country of yours and mine is headed for? Regimentation seems to be the answer whether we like it or not. The great American spirit which was for so long a shining example to the rest of the world, held in envy and awe, seems to be disappearing under an avalanche of corruption, vice and promises of security from the cradle to the grave."

BELLINGHAM, WASH., HERALD: "The 'farm problem' has been with us for years. It has been aggravated by conditions of war and peace. But experts who do not want to keep it before the people as a political football regard the program now in effect as the most hopeful long-range solution yet offered for turning the farm business back to private enterprise farmers."

SCRAPPY WILL GO TO CHICAGO

On a ranch near a small Florida town, writes Cal Brumley in The Wall Street Journal, "... a greedy Angus steer munches all day, turning about 25 pounds of grain, six pounds of hay and 20 gallons of water into about three pounds of fat and flesh. This fall the black steer, appropriately named 'Scrappy', will wear his coat of fat like a suit of armor to Chicago. There Scrappy will be a novelty, the first Florida steer judged good enough to compete in the International Livestock Exposition, a showplace for the nation's beef cattle and the World Series of fat steer competition."

This, as Mr. Brumley points out, is symbolic of the Southern cattle industry. For years the South has been the fastest growing cow country in the nation—its cattle numbers jumped over 110 per cent from 1949 to 1956, more than double the national increase. However, there is a problem—Southern cattle are often of poorer quality than the Western stock and so have brought substantially lower prices. But now, to quote Mr. Brumley again, "Southern cattlemen ... are hastening to catch up with high standards Western cattlemen have set during the past 100 years." Chicago-bound Scrappy is a prime example.

There is another significance to the story. All over the country, livestock raisers have long been known as people of independence and initiative. They've experienced many ups and downs, and they've been used to taking their own chances and solving their own problems. They have never, for instance, looked for government hand-outs even when times were very bad. The Southern producers are demonstrating the same kind of attitude,

U. S. Navy Offers

Career Opportunities

The U. S. Navy now offers more career opportunities than ever before in its history. These opportunities have been designed to encourage reenlistments among men completing first enlistments.

At present, and for some time past, only one of every ten men have reenlisted at the end of their first cruise. Yet, out of every ten completing their second or subsequent enlistment, nine reenlist.

The reasons for these contradictory figures are simple: (1) most young men do not fully realize the benefits available for a Navy career and (2) they seem to have inflated ideas about salaries and opportunities in civilian employment.

The present 90% reenlistment rate of career men is excellent, but to maintain a good balance of manpower throughout the Navy, reenlistments, among those completing their first cruise should be increased to approximately 25%. These are the men the additional benefits have been primarily designed for.

Any person reenlisting in the Navy more than 90 days after discharge will receive the following reenlistment benefits: (1) Assignment to the coast of his choice, (2) Up to 30 days advance reenlistment leave, (3) Advance travel pay and (4) pay record made up and given to the reenlistee in order that he may draw pay while on leave, if desired.

All persons reenlisting within 90 days after discharge will receive all of the above benefits plus a substantial monetary reenlistment bonus.

Many men reenlisting after broken service now have another new and distinct advantage. In many cases a person who has been out of the Navy up to a year can reenlist with the same rating held at time of discharge. In some cases, this is still possible up to two years after discharge.

These new benefits, in addition to those of long standing, such as free medical and dental care, full pay during hospitalization, fringe benefits and early retirement, add up to make a career in the Navy very rewarding.

Men who have served one enlistment in the Navy and have returned to civilian life for a year or two are in an excellent position to evaluate the opportunities in both walks of life. The Navy urges these men to investigate and take advantage of the opportunities available to them for returning to naval service.

Health Talk

Preventive medicine the positive approach to good health, yet many parents through lack of information, carelessness or personal failings fail to give their children the protection of immunization, the Educational Committee of the Illinois State Medical Society observes in Health Talk.

Good health through immunization can be attained. Today, such diseases as diphtheria, smallpox, typhoid fever, whooping cough, and scarlet fever have been greatly reduced in severity or almost eradicated. And the next few years will tell the story of the protection against poliomyelitis.

Immunizations and inoculations against disease have become a byword in every household. Why, then, do some parents fail to give their children this protection? The diseases are still with us, since their causative bacteria are always lurking about, waiting for the opportunity to settle and breed.

Smallpox, for example, is a serious disease and highly contagious. There is no known specific treatment for smallpox, but vaccination will prevent it. Because the length of protection afforded by a smallpox vaccination is not known, a re-vaccination every five to seven years is recommended. Because this practice is not consistently carried out, sporadic cases of the disease appear occasionally.

Diphtheria is another serious communicable disease that can be prevented through inoculation. Infants should be given toxoid injections during the first year of life and periodic "booster" inoculations later.

Whooping cough can still take the lives of infants. Immunization should be started within the first few months of life. This injection too should be followed by subsequent "booster" shots. Your physician has another protective device against whooping cough. Should the disease develop, hyper-immune blood plasma or serum can be administered, which creates a "passive immunity." If given early in the course of the disease, or soon after exposure the illness of the victim may be modified. This is only a temporary protection, however.

Tetanus, or lock-jaw as it is more commonly called, is another disease for which there is almost foolproof protection. The germs of tetanus are found in the soil almost everywhere, and children especially are therefore exposed. Minor cuts, burns and scratches should be viewed with suspicion. Let your physician decide the need for protection against tetanus.

Recently a tremendous program against poliomyelitis was carried out. In this immunization, three inoculations are recommended, although considerable protection is afforded with two. This vaccination program, thus far, is aimed to prevent the paralytic type of poliomyelitis, not infection. The next few years will unfold the story of its progress. Meanwhile research continues to thwart the disease.

These are a few of the conditions that can be controlled through immunization. Today's children are the adult population of tomorrow. Your contribution toward promoting a healthier nation can be achieved by giving your child protection against disease through immunization.

LAKE STREET

ANTIOCH, ILLINOIS

HERE ARE THE FACTS FROM THE OFFICE OF ANTIOCH TOWNSHIP TAX COLLECTOR

A REPORT TO THE TAXPAYERS: FOR THE TOWNSHIP OF ANTIOCH:

Those persons paying real estate and personal property taxes in the township of Antioch under the present tax collection system should be informed about some of the facts before they make any decision on how to vote November 6, 1956, at the general election, at which time, among the ballots to be voted on, will be one important ballot affecting township tax collectors and taxpayers financially.

The ballot will be found among other issues to be voted and reads in part, "Shall the office of township collector be discontinued in Lake County," and if the referendum passes, the payment of taxes in the future will be made to the county treasurer's office at Waukegan.

Tax collectors were placed in their respective townships back in 1945, and each year the business of collecting taxes by township collectors has improved to the point that the general public has accepted the system as the best method in Lake County to satisfy their faith in home rule of keeping their tax money at home where they can keep an eye on same.

The Illinois statute provides that a tax collector shall receive a fee or commission in the amount of 2% on the total amount of taxes collected at any one period in his office, and the statute was amended July 19, 1945, allowing a 3% commission to the county collector or treasurer of the county, he in turn to deduct expenses for the collection of taxes in his office and to turn over to the county fund the amount left in excess after expenses had been allowed. **None of this excess commission is allocated to any townships in the county.**

Under this same statute collectors are allowed 2% of the total amount of taxes collected, the salary of the collectors is set at \$1500.00 plus an allowance of expenses for the collection of taxes. The excess of the amount collected is turned over to the township supervisor, he in turn may divide it between the general township fund and the poor fund, in either case it provides replenishing these funds to the extent of not having to make extra appropriations each year in order to provide extra taxes for the purpose of township maintenance.

The following financial statements for 1956 are taken from the distribution report as audited, showing how the tax money was paid out to the various taxing units in the township and school districts:

Total tax collected for 1956 in Antioch

Amount collected	\$507,189.39
Paid to the county treasurer:	
County Tax	\$51,264.99
Dog Tax	110.74
Costs, interest & penalty	311.59
Extension fees	5,425.59
Total	\$57,113.00
Town of Antioch	\$ 26,488.88
Town of Antioch, road & bridge	14,115.89
Village of Antioch, road & bridge	1,849.34
Town of Antioch, gravel tax balance	29.41
Town of Antioch library	6,479.27
School district, 117, Antioch High	151,437.78
School district, 124, Grant High	20,898.07
Antioch Fire District	3,320.01
Fox Lake Fire District	332.17
Village of Antioch, general fund	9,617.52
School district, 9, McHenry County	1,671.52
School district, 10, Lotus	13,595.05
School district, 24, Millburn	418.70
School district, 27, Hickory	3,191.77
School district, 33, Emmons	20,911.79
School district, 34, Antioch Grade	105,275.98
School district, 35, Channel Lake	27,387.78
School district, 36, Grass Lake	31,103.84
School district, 41, Lake Villa	1,787.84
Town tax collector commission on total collection	10,143.78
	\$507,189.39 \$507,189.39

Operating expenses for the office of township tax collector, during the 1956 collection period:

Amount received as commission on total collection, by 2%	\$ 10,143.78
Collector's salary as covered by Illinois statute	\$1,500.00
Clerk hire	581.50
Collector's bond premium	100.00
Robbery & burglary insurance	3.50
Janitor service	12.00
Auditing of four books	400.00
County treasurer's office, printing and addressing statements, window envelopes	342.63
Postage for mailing statements and receipts	273.80
Imprinting statements, envelopes, stationery	149.20
Expenses affecting collector's office	75.32
Cost of publication in newspaper and by circulator operating expenses for township collector in Antioch	83.50
Total expenses	\$3,521.45
	3,521.45

Balance of commission, turned over to the supervisor of Antioch township for the general fund

\$ 6,622.33

The citizens of Antioch township, who will vote at the coming election on November 6, 1956, should know how to vote when given the facts on the collection of taxes in their township, they have enough intelligence to realize that if the tax collector's system is voted out that their taxes are bound to be raised in order to offset that amount in excess of commission turned over to the township of Antioch by the collector.

Keep this in mind when you go to the polls and vote, that two letter word **NO** on the question of discontinuing of tax collectors in Lake County.

JOHN L. HORAN
Tax Collector for the township of Antioch

SOCIETY EVENTS

Chamber Plans Annual Ladies Night Banquet For Saturday, Dec. 1

Annual Ladies Night and Banquet of the Antioch Chamber of Commerce will be held Saturday evening, December 1, at Pasadena Gardens, route 83, north of Antioch.

Members and their guests will enjoy a dinner and dancing to the music of Art Smojkal's orchestra, according to Bob Andrews, chairman of the committee in charge.

W. S. C. S. TO HEAR DIST. PRES. SPEAK NOV. 7

Miss Alice Smith will lead the Devotions at a regular meeting of the Women's Society of Christian Service of the Methodist Church, Wednesday, November 7th at Wesley Hall. Mrs. Stanley Goodell, District President will speak on History and Purpose of the Women's Society of Christian Service. A birthday party for the year will be celebrated. Committee in charge of the luncheon will be Mesdames Louis Biel, Herman Grenzmann, and Mrs. O. R. Kresse. Everyone welcome.

MRS. EDWARD DOMPKE ATTENDS ART INSTITUTE

Mrs. Edward Dompke, President of the Antioch Garden Club, attended a two day course in the care and arrangement of flowers at the Art Institute of Chicago last week. The course was given by Mr. Gregory Conway of California, and was open upon invitation only. It proved to be very interesting and educational experience, and will be of benefit to members of the Antioch Garden Club.

RAINBOW GIRLS TO BE HOSTS

Antioch Assembly Order of Rainbow for Girls will be hostess to Sequoit Lodge A. F. & A. M. and Antioch chapter Order of Eastern Star members at a meeting of the order November 12. The girls promise an entertaining evening. Mrs. Einar Petersen and committee will have charge of refreshments.

EVENING CIRCLE W.S.C.S. TO HOLD MEETING NOV. 8

Women's Society of Christian Service evening circle will hold a meeting November 8th at the home of Mrs. Eddie Smouse. The group will meet in front of the Methodist Church at 7:45 p.m. and will go in a caravan. Mrs. Warren Polley will be speaker of the evening, and will be introduced by Miss Carol Bean. Mrs. Lee Davis will be in charge of Devotions.

Lake side Rebekah Lodge No. 82 I. O. O. F. held a meeting Wednesday evening. Plans were made for a public card party to be held Monday evening, November 5 at the I. O. O. F. hall. Mrs. Bernice Clark, Noble Grand of Antioch lodge was guest officer at Waukegan lodge recently, the occasion being Friends night and a costume Halloween party. Others attending Waukegan lodge besides Mrs. Clark were Hortense Gordon and Frieda Wertz. Mrs. Carolyn Horan and Mrs. Maude Johnson of Lakeside lodge will be guests of Libertyville lodge November 1.

ALTAR AND ROSARY SOCIETY TO HOLD MEETING NOV. 5th

St. Peter's Altar and Rosary Society will hold its next meeting on Monday, Nov. 5th in the school hall. The meeting will be at 9:00 p.m. after the Forty Hours services. This will be a shower for St. Vincent's Orphanage and members are asked to bring baby cloths up to size 3. Hostesses for the evening are the St. Vincent's committee; Mrs. John Harrison, Mrs. Dudley Kennedy, Mrs. Harriete Pirson, Mrs. Frank Kennedy, Mrs. B. Felt, Mrs. Mary Dekant, Mrs. Myrtle Stowe, and Mrs. Walter Delaney.

40 HOURS OF DEVOTION PLANNED AT ST. PETER'S

St. Peter's Catholic Church will begin Forty Hours of devotion starting at noon Sunday and will hold Holy Hours at the church at 7:45 p.m. Sunday, Monday, and Tuesday. The Tuesday service will include a procession of 73 children who received their first communion last Sunday and a procession of priests with the Rev. Frank Calkins of Lake Bluff from the Servite Order participating before conducting the service as guest pastor.

FRANCIS WALSH ENROLLED AT LORAS COLLEGE

Francis W. Walsh, son of Mr. and Mrs. Frank W. Walsh, Petite Lake, Antioch, has enrolled at Loras College, Dubuque, Iowa, for the 1956-57 term.

Francis, a 1956 graduate of Antioch Township High School, is a freshman enrolled in the pre-engineering course.

Miss Gretchen Biel has been elected social chairman of Russell Sage hall, upperclass dormitory which houses 115 women. Gretchen is a member of Alpha Chi Omega sorority at Lawrence College.

Engaged

The engagement of Miss Winnifred James, granddaughter of Mr. and Mrs. Joseph James who resided in Antioch for 60 years, and George E. Braddock, Jr., Chicago, has been announced by her parents, Mr. and Mrs. Ralph C. James, Chicago. The bride-to-be attended Faulker school, the University of Kansas, and National College of Education. Her fiance attended Todd school, and Lawrence college. The wedding is planned for the Christmas holidays.

ANT. BUS. & PROF. WOMEN TO HEAR REP. MURPHY SPEAK

Rep. William Murphy will speak on the Blue Ballot before the Antioch Business and Professional Women's Club, at a regular meeting to be held at the Scout Home, Monday evening, Nov. 5th. Committee in charge of refreshments are: Mrs. H. B. Gaston, Mrs. Dorothy Besch and Mrs. Frances Van Horn. Anyone wishing to hear the Blue Ballot discussed is welcome to attend.

GARDEN CLUB GUESTS OF ANT. WOMEN'S CLUB

The Antioch Garden Club will be guests of the Antioch Woman's club Monday afternoon, November 5th, and will present the afternoons program. Hostess committee in charge Mrs. Homer B. Gaston, chairman, assisted by Mesdames Fred Swanson, B. R. Burke, Howard Gaston, Ed Cranley, Myrus Nelson, O. W. Turner, E. J. Sletten, and Jean Van Patten.

Mr. and Mrs. Donald Anderson returned home Saturday after a two-weeks vacation and visit with Mr. and Mrs. E. E. Mount at their home in Bentonville, Arkansas. After visiting there they traveled to Carlsbad, New Mexico, and on their return trip they visited Mr. Anderson's cousin, Eugene Anderson and family at Sheldon, Missouri.

DEBBIE BEISER HONORED GUEST AT PARTY

Debbie Beiser, daughter of Mr. and Mrs. Nathan Beiser of Lake Villa was honored at a family gathering, Sunday, in observance of her first Holy Communion with her class at St. Peter's Church of Antioch.

Auxiliary News

Antioch Unit, American Legion Auxiliary met in regular session Friday, Oct. 26.

MEMBERSHIP—The membership chairman reported the unit as having a membership of one hundred. DONATIONS MADE — Generous monetary donations were made to the nine-point program which consists of Treasure, Chest, Insulin fund, Vapo Nephthm fund, Canteen fund, Christmas fund, Nursery fund, hospital fund and Gift shop. Donations were also given to the Red Cross "Christmas on The High Seas" program and to the child welfare and childrens spending funds at Normal. The unit sponsors a boy at the home at Normal.

CANDY BAR SHOWER—Antioch Unit is having a candy bar shower among the members, candy to be used to make favors for Christmas for patients at Downey, Junior members of the unit will make the favors.

URGES THE VOTE—The Auxiliary urges every one to use their right to vote and go to the polls Tues., Nov. 6. Vote for the party of your choice. The welfare of our country depends on YOU.

ENTERTAINMENT—Mrs. Phyllis McMillen and committee were hostesses for the evening. The Hymn of the month "O Master Let Me Walk With Thee" was sung by the members present, as well as several other hymns. Several games of cards were played and a delicious lunch was served.

The next meeting of the unit will be held Nov. 9.

Mr. and Mrs. Rudy Gerber and children of Lake Villa and Mr. and Mrs. Jake Stendli of Jefferson, Wisconsin were Sunday dinner guests of Mr. and Mrs. William Gerber of Antioch.

Mr. and Mrs. Myrus Nelson arrived home Monday after a week end vacation and trip to Memphis, Tenn. While there they were the guests of Mr. and Mrs. Fred O'Dell, former residents of Antioch.

Mrs. Henry Schramm and son David of Elgin were Saturday guests of Mrs. A. W. Johnson at her Lake Catherine home.

Scout News

The Antioch Girl Scout Neighborhood committee met in the basement of the Methodist Church at 9:30 Tuesday, October 23rd and discussed Christmas plans and camp site possibilities for the girls of Lakeside Council next summer.

The new officers for the neighborhood group for the coming year consist of Belle Hribar, Neighborhood Chairman; Ethel Barker, Secretary; Louise Kaufman, Organizer; Jerry Olson and Polly Bruhn, Neighborhood Consultants; Kate Halvorson, Camp Chairman; Leora Miller, Cookie Chairman and Ruth Duha, Publicity.

Girl Scout Troop No. 58 Emmons School will hold a Halloween Party on Tuesday, October 30th at 3:30 p.m. with the newly organized Brown Troop No. 69 as their guests. There will be games and refreshments.

Hallowe'en Party Prize Winners

Front row, kneeling, left to right, Pom Pom the Clown, Jill Thompson and Steven Troupe. Back row, standing, left to right, Gordon Koenig, Barbara Wertz, Carol Gillo, Judy Johnson, Lain Barthal, and Billy Smith.

First row, left to right, Joan Tanner, Frank Robin, Kathleen Gaston, Virginia White, and Betty Liddle. Back row, left to right, Susan Polley, John Horan, Harleen Young, Marilyn Murrie and Pom Pom the Clown.

Boating Victims Mostly Young, Non-Swimmers

NEW YORK—Most of the 1,200 victims who each year lose their lives in accidents involving small boats are in the 20-24 age group.

A study of death claim records among insurance policyholders reveal that nearly three out of every five insured persons who were drowned were fishing; one-quarter of the victims were cruising, rowing or canoeing for pleasure; one-tenth were duck hunting, and an almost equal proportion were playing on rafts—these were practically all boys under 15.

Circumstances surrounding the deaths in this study make up a list of safety violations to be avoided by small boat users:

Small boats turned over when occupants stood up or shifted positions in the craft.

Overloading was responsible for a number of deaths.

Others lost their life because of dangerous practices such as speeding, sharp turning, and horseplay near dams or falls.

A number of the persons drowned could not swim; in some instances, they were alone or with fellow passengers who also were nonswimmers.

Physical weakness or impairment was a contributing factor in some deaths.

Sudden squalls, severe winds, and treacherous currents added to the toll.

Motor-driven crafts, very largely outboards, were listed in three-fifths of small-boat drowning cases; rowboats, in one-fifth, canoes and rafts in virtually all the others. Sailboats, despite the popularity of sailing, appeared in the records of only two death claims.

Why Math Proves Unpopular Course

DAVIS, Calif.—One reason why teen-agers dislike mathematics has been uncovered by two University of California, Davis staff members.

Parents' dislike for the subject is reflected by their children, according to their findings.

A survey of some 400 entering freshmen in mathematics courses at Davis showed that most of the students who like the subject come from homes where either or both of the parents also like math and encouraged the students to do good work in it in grade school and high school.

The students who disliked math also largely reflected their parents' attitude toward the subject. But this dislike was not because the students couldn't do the work.

Students in both groups have "B" averages in high school (one of the requirements for admission to the University); they also scored about the same on a standard college entrance examination.

The purpose of the study was to determine why so many students steer clear of mathematics, the basic course for engineering, chemistry, physics and teaching.

Northernmost Shore Is Comina Southward

WASHINGTON—The shoreline at Point Barrow, the northernmost land under American flag, is receding southward at a rate of about 7 feet a year. It is probable that the land extended at least 500 feet farther north 75 years ago, an assumption borne out by the disappearance of a recorded Eskimo village.

The recession, pointed out by Prof. G. E. MacGinitie of California Institute of Technology, is due to northeast-sweeping ocean currents and wind tides on a very low-lying land. Prof. MacGinitie was director for over a year at the Navy's Arctic Research Laboratory at Point Barrow.

Were it not for these currents and wind tides land might be building up slowly northward, according to the topography of the region.

Fisherman Has Several Kinds of Luck—All Bad

DALLAS, Tex. — Fisherman's luck—that's the only way to obtain what happened to Vernon Staley of Seminole, Okla.

Staley headed for Lake Texoma for a weekend fishing trip. He punched a hole in his gasoline tank while making a minor repair. Then his oil line became clogged and he had two flat tires.

He did get to the lake—and caught some lunker black bass. But then the chain on his stringer broke and the catch was lost.

Music Has Charms

BARTLESVILLE, Okla. — Glenn and Jerome Byron have found a way to keep their 10,000 turkeys contented. They have placed loudspeakers around the ranch and pipe in soothing music to the excitable birds. When there's a storm brewing, or something upsets the birds, one of the Byrons steps up the microphone and quietly talks the turkeys into relaxing.

Mrs. Daniel S. Boyer, Cedar Crest Acres, Lake Villa is vacationing with Mrs. George Maypole at her home in Palm Springs, California.

Mrs. Elizabeth Behler of Woodstock spent the week end in Antioch, the guest of her sister Mrs. Homer B. Gaston and other relatives.

Young Nation's Early Victory Seldom Noted

NEW YORK—Over 180 years ago a tired and battered Continental Army suddenly found itself for four hours of immortal glory. Turning from wild retreat up Manhattan Island, the Americans lashed out and rolled back several crack British and Hessian battalions.

This obscure clash is sometimes lost on even astute historians. The man-on-the-street usually takes on a blank stare to the inquiry: "What was this country's first victory as a nation?"

The answer lies on New York's upper west side. On the site that is now occupied by Columbia University, the previously dispirited troops of Washington, reeling from bitter defeats on Long Island, Brooklyn and lower Manhattan, abruptly turned on their British pursuers and flung them back from what is now 130th Street to 105th Street. Thus was forged the first victory of arms of a nation then barely two months old. Known as the "Battle of Harlem Heights," it took place September 16, 1776.

Today, this forgotten battle site which was then mainly a rolling buckwheat field is covered with the stately redstone buildings of the 202-year-old Columbia. When the battle was fought, Columbia, then known as King's College and located at Park Place, had suspended classes and its students, among them Alexander Hamilton, had nearly to a man donned Colonial Blues.

To the passerby there remains only one link with this epic victory which, in Washington's own words, "seems to have greatly inspired the whole of our troops." This last vestige is found in a plaque mounted on the Broadway side of Columbia's School of Engineering Building.

Home Ties Strong For Collegians

SANTA BARBARA—The most difficult adjustment problem young collegians have is cutting the apron strings, says a University of California professor.

Dr. Joseph E. Lantagne, chairman of the department of physical education who teaches preparation for marriage, said this problem was reflected in a survey of 4,000 men and women students in eight California junior and 13 senior colleges and universities. He listed 60 marriage education topics for students to check in the order of their interest.

The item heading the list for both men and women was "Parent-Child Relationships." Second and third rated topics were "normal sex relations" and "happiness with home and family."

Women showed great interest in subjects concerned with strengthening marital happiness. They appeared willing and anxious to accept the traditional feminine role with numerous responses in "childbirth and infant care."

Wail of Ghost-Lady Disturbs Jungle Quiet

WASHINGTON—In the eerie hours before the jungle's pink and pale dawn the ghost lady wails.

Natives call her "alma perdida," the lost soul. The indescribably sorrowful call heard by visitors to Barro Colorado Island, Canal Zone, is that of a relative of the North American whippoorwill.

"I have never heard such a human sound from a brute before," wrote the late Dr. Frank Chapman, noted ornithologist of the American Museum of Natural History who made intensive studies of the island's bird life. "It made the gooseflesh rise all over me. It was a soft, but loud, sad, flute-like note."

The sound has also been described as a "woman's voice, a deep, mellow contralto calling in hopeless grief."

Writer Says American Women Are Unhappy

BATTLE, Eng.—A British anthropologist says the American woman used to fight for her man, but now she fights him—and usually wins.

Dr. Eric J. Dingwall describes the American woman as "The most nervous, unhappy, disgruntled woman that possibly one might find."

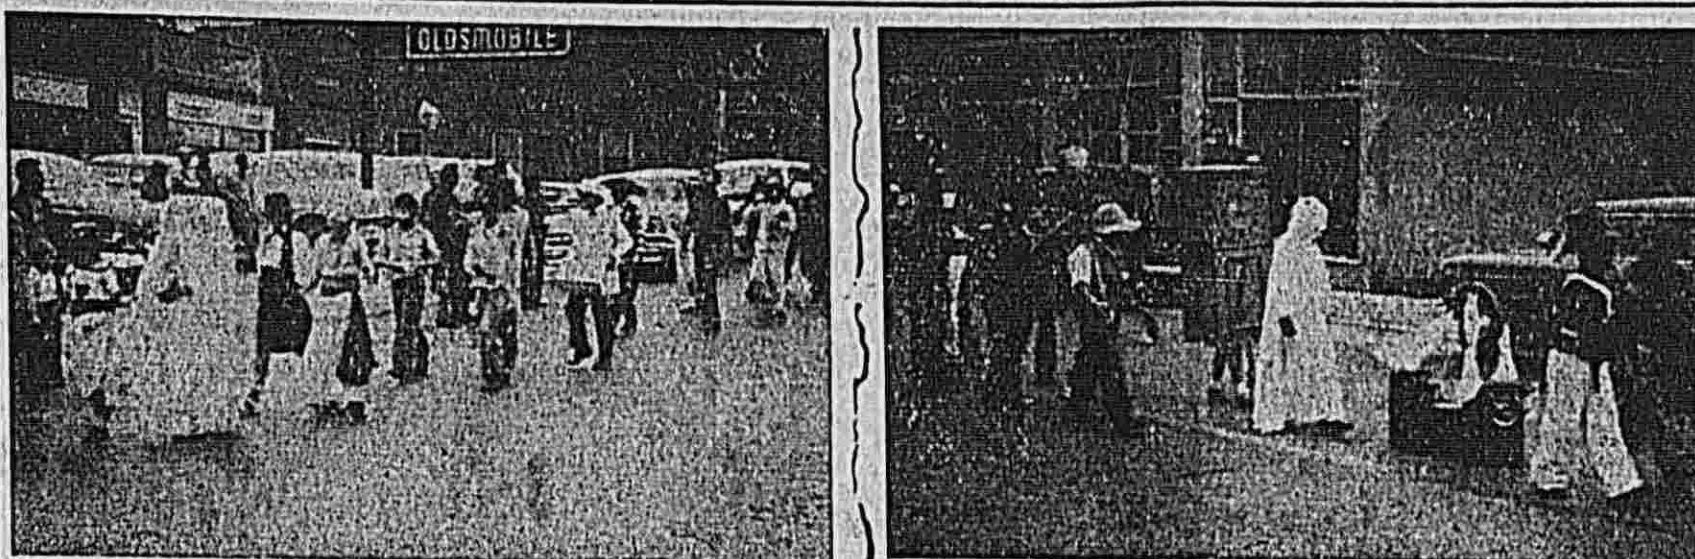

Starting with records of the Puritans of the 1600's, Dingwall has examined 10,000 books, magazines and newspapers and diaries to fill out the picture of the American woman he has obtained during 20 years of dashing back and forth between England and America to carry on eyewitness studies.

Space Problem

KANSAS CITY, Kans.—The girls at Ward High School have agreed not to wear crinolines under their skirts. School authorities had asked them not to.

They said the buoyancy caused congestion in the corridors. You couldn't get from one class to the next in the allotted three minutes.

Public Grade School Pupils Parade Street in Costume

These two Antioch News photos were taken of the Public Grade School Halloween costume parade Wednesday afternoon on Main St. Prizes were awarded to the two best costumes in each room of each grade. The grade school band headed the parade.

Pom Pom, the Clown Here

Edward J. Meekin, Chicago, known as Pom Pom, the clown participated in the Halloween parade and other events of the Grade School Wednesday afternoon. He was brought here by the Antioch News for the occasion.

Increasing Number of Boys Calls for More Leaders in NW. Dist.

A definite need exists for leaders of cub packs, new troops and Explorer units occasioned by increasing numbers of those who will reach scouting age in the near future.

Gilbert Stiles, vice chairman of the Northwest District executive committee of the North Shore area Council emphasized this to 28 adult scout leaders attending the district executive committee meeting in the Antioch Scout House Wednesday, Oct. 24.

Stiles, who is chairman of the district organization and extension committee told the Scout leaders that this committee would like to begin this year to fill as many vacancies as possible in the "unit families."

The organization and extension chairman said that in a survey of some 60 units in the district it was found that 13 scout troops had no affiliated cub packs to fill the need of the younger boys and that 10 packs had no troops into which to advance at an eligible age.

In the business session plans were announced to begin action to promote as high attendance as possible of the Northwest District scouts next summer at Camp Ma-Ka-Ja-Wan in Northern Wisconsin.

Among those attending the meeting were: A. L. Dittman and Cy Belavek of Antioch, and Walter Good of Loon Lake.

Mrs. E. C. Turner Dies
Mr. and Mrs. Elroy Anderson and son Kenneth returned home Sunday after attending funeral services for Mrs. Anderson's mother, Mrs. E. C. Turner of Newton, Iowa. Mrs. Turner passed away October 21 at Grinnell hospital at Newton. Funeral services were held October 24. Mrs. Turner had made many visits to Antioch and had many acquaintances here.

Pom Pom, The Clown . . .

thick's class—John Horan, first; Cynthia Mortensen, second; Mrs. Shirley Edward's class—Steve Troyke, first; Michael Stenbenz, second. Mrs. Wanda Barthel's class—Jill Thompson, first; Donald Strang, second.

Fourth grades: Mrs. Ruth Liddle's class—Joan Turner, first; Barbara Kopriva, second. Mrs. Fanny Yates' class—Susan Polley, first; Susan Lindblad, second. Mrs. Catherine Cain's class—Virginia White, first; Alan Tegen, second.

Fifth grades: Mrs. Arleen Cramer's class—Carol Gillo, first; Paula Weiss, second. Mrs. Belinda Dittman's class—Barbara Wertz, first; Mark Munder, second. Mrs. Donna Barhyte's class—Betty Liddle, first; Julie Nissen, second.

Sixth grades: Leland Turner's class—Harleen Young, first; Kathy Frazier, second. Mrs. Hester Garland's class—Marilyn Murrie, first; Janet Polley, second.

The seventh and eighth grades had their separate parties during the afternoon.

Antioch police provided an escort for the parade.

Ground to be Broken For Church School At Lake Villa Sunday

LAKE VILLA—The Prince of Peace parish at Lake Villa will break ground for the new church and school at 2 p.m. Sunday. The service is a matter of formality because the excavators are already at work on the new \$275,000 building.

The Rev. David J. Lynch, pastor, will turn the first spadeful of dirt and after him will follow Mrs. Betty Vaughn, head of the Altar and Rosary society and Lester Hamlin, chairman of the Holy Name society.

A parade of church and village dignitaries, a color guard, the district school board, scouts, firemen and first aid squad will precede the service.

Refreshments will be served at the Lake Villa Grade school afterward.

To be completed first will be the church and school. A home for the nuns will be erected later.

The site of the new building is on Rte. 21 just south of Grand ave.

The Rev. Vincent Marzano, professor of chemistry at Lewis Institute of Technology at Lockport, Ill. will be the main speaker.

Postponement of Meeting

The Fact Finding Committee scheduled for Tuesday, October 30, has been postponed to Monday, November 5.

Several members of the Fact Finding Committee studying school district reorganization have spent considerable time visiting various Community Unit School systems. This group will present a detailed report of their visits.

The November 5 meeting will be held at Channel Lake Grade School at 8:00 p.m. All members are urged to attend this important meeting.

Dr. B. J. Rodriguez Partner of Dr. Berke

Dr. B. J. Rodriguez, who has been practicing with Dr. A. N. Berke since Oct. 10, is now formally associated with him. He received his medical education at Havana University, Havana, Cuba, and did his internship at Toledo, Ohio, serving his residency at Akron, Ohio before serving two years in the U. S. Navy, one year in Korea and the other at Great Lakes.

Dr. Rodriguez is not related to Dr. Rammundo Rodriguez who previously was associated with Dr. Berke until receiving a military assignment. He and his wife, and 15-month-old son, reside at 1037 Spafford st.

Emmons Pupils Entertain

The Emmons School children and their parents partook of a potluck supper Wednesday evening at the school. They entertained the adults at a talent show, appearing in costume. The Girl Scouts of the school entertained the Brownies Tuesday.

(continued from page 1)

ton. He completed six of the 13 tosses for a total gain of 188 yards and three touchdowns.

Sharing the offensive spotlight with Deppe were Dick Srch and Lonnie Christensen, who both got two touchdowns. Bill Hart and Jerry Huml scored one each.

The Sequoits started slow and spent most of the first quarter driving for their first touchdown in which Srch carried the ball over from the 4-yard line and kicked the extra point.

The Bisons came back early in the second period and drove to the 1-yard line from which TD was made. Then the Sequoits went into action and before the smoke of battle had cleared at the half they had scored three times. The first of these was a 56-yard passing play from Deppe to Christensen; the second by Deppe on a 10-yard end run; and the third also by Christensen on a 46-yard passing play from Deppe. Srch converted after the third touchdown and the score at the half was 26-6.

The third quarter was mainly a repetition of the first quarter with Srch scoring from the 1-yard line after a sustained drive. Hendrickson scored thereafter for Fenton on a 4-yard plunge. Bill Hart, meanwhile capped an Antioch drive with a TD from the 4-yard.

The Sequoits took to the air again and registered their final touchdown on a 65-yard pass play Deppe to Huml.

The Sequoits rolled up a total of 430 yards from scrimmage, 212 from passing and 218 from rushing, in contrast to Fenton's total of 180 yards of which 164 was from rushing and 16 passing.

Workhorse in the Antioch backfield was Srch who gained 97 yards in 15 carries.

Coach Paul Keesenich praised the work of Jim Lystlund at center; Chris Davis and Dave Mitchell at tackles; Frank Shebasta and Jim Denton at guards and Huml and Plechaty at ends.

The Frosh-Soph football team paced the varsity last week by winning from Fenton in the preliminary 14 to 7. The young Braves will close their season Saturday, playing the Wauconda frosh-soph team in the preliminary at 6:30 p.m.

In the Fenton game Antioch marched 70 yards in the first quarter for a touchdown. Don Sinclair carrying the ball over from the 3-yard line on a quarterback sneak.

The second touchdown came in the second quarter when Dick Gudgeon, halfback intercepted a Fenton pitch-out and ran 30 yards to goal. Don Pyle, fullback, kicked both points.

Fenton scored in the second half by gambling on a fourth down and 8 yards to go on the 30-yard line, passing for the score.

On November 6 FOR REPRESENTATIVE IN CONGRESS

RE - ELECT

MARGUERITE STITT CHURCH

REPUBLICAN CANDIDATE - 13th CONGRESSIONAL DISTRICT

- "Merits a large vote of confidence and tribute for a splendid record."
- "No Congressman from this district ever kept closer to the people."
- "It would be a mistake to trade off Mrs. Church's proven ability."
- "Has proved herself an exceptionally alert, energetic, and intelligent legislator."
- "Opposed big spending measures . . . trying to reduce the national debt and prevent inflation."
- "A hard-working and able Congresswoman who has done much for her constituents."
- "Few Members of Congress, even those with more seniority, have a better reputation in Washington."

This is the man who may have saved your life

...or the life of someone dear to you!

CHARLES F. CARPENTIER SECRETARY OF STATE

In 1953, your Secretary of State, Charles F. Carpentier, successfully fought for the passage of the New Illinois Drivers' License Law . . . hailed by traffic experts as one of the best in the nation.

Since that time Secretary Carpentier has been foremost in the battle for public safety. Evidence of his aggressive leadership and intelligent administration is shown by the fact that he has revoked, suspended or cancelled the driving privileges of more than 33,000 drunken, reckless or negligent drivers!

One of them might have killed you . . . or someone dear to you!

During the time that Charles F. Carpentier has been in office, hundreds of thousands more vehicles have crowded onto Illinois highways—yet the death rate on our highways has not appreciably increased while the national average is up 8%!

Why? Because of Charles F. Carpentier, your Secretary of State and his strict, honest, forceful administration.

When you vote for Secretary of State Charles F. Carpentier you will vote to save lives . . . and the life you save may be your own! Remember—

Keep Highway-Safety FIRST

RE-ELECT CHARLES F. CARPENTIER

EDITORIAL

Five special referendum ballots will be presented to the voters at the general elections, Tuesday, November 6. They cover a variety of subjects and include a referendum to Amend the Constitution of the State, the "Blue Ballot"; A referendum to allow modernization of state banking laws, and three county referendums. The county referendums deal with continuation of the County Tuberculosis tax; setting up of a new County Health Department and a referendum to abolish the office of Town Tax Collector.

Of these, the move to abolish the local office of Town Tax Collector is demanding the greatest attention of local taxpayers, who see in the move a grab by the Lake County Board of Supervisors. If the referendum is passed it will mean the loss of about \$8,000.00 annually to the Township of Antioch alone. This will necessitate an increase in your tax bill each year to make up the loss.

In addition to the loss of excess money which is turned over to the Town General Fund, and The Town Poor Fund, the move would cost EVERY TAXING BODY, including schools, villages, libraries, fire prevention districts, etc. one percent of their annual income. This would be reflected in higher taxes immediately.

Claims of great savings to be made in efficiency of one place collection have been made by proponents, but the FACTS REMAIN . . . If passed the measure would funnel about ONE-HALF MILLION DOLLARS ANNUALLY into the hands of the Lake County Board of Supervisors to do with as they may wish — This money would not be "ear-marked" for any special purpose.

We freely admit that Lake County government needs more money to provide more services and improve those already in effect, but we oppose the methods being tried to gain those funds. If Lake County needs more income, why not give the taxpayers the facts of the case and let them decide?

A special report of John L. Horan, Antioch Township Tax Collector appears on page 3 of this issue of the Antioch News, we urge that you read this report in order to get complete information on the entire operation of his office.

We advise a NO vote on this referendum, and believe that once in possession of the facts that a majority of the voters will make the same choice.

Illinois Banking Act:

This act represents the first change in Illinois Banking Laws since 1919, and proposes a modernization in laws which will tend to end abuses of power by elected officials with power over banks. While much of the act is highly technical, one provision, which the Hodge scandal has made doubly desirable, is that in cases where the Auditor is required to take over a bank for purposes of reorganization or liquidation, his acts are subject to immediate and continued court supervision.

The New Illinois Banking Act is not a Constitutional amendment and should not be confused with the Blue Ballot proposal. It is a change in the banking laws of the state which have already been passed unanimously by the Legislature of the state and now requires only approval of a majority of those voting on the issue at the election to go into effect.

We believe that this new law is a needed improvement in the laws governing banks and others who have control over banks and should have your support.

Blue Ballot Amendment:

This Amendment to the state constitution, if passed, will grant the Illinois Legislature powers which many believe to be too broad. It has been described as a "blank check" insofar as taxation is concerned. If passed, the Amendment would allow the Legislature to change our present methods of classification of property and to institute new forms of taxation.

The Civic League Reporter, publication of the Lake County Civic League, had this to say about the Amendment: "In the final analysis, we believe that the way a person votes on this issue will depend largely on the extent to which he feels the legislature will be responsive to his interest and desires. There are possibilities of great good and great harm in this Amendment."

We believe that some change in the present, antiquated system of taxation is desirable, but oppose the Blue Ballot on the grounds that it is not sufficiently specific . . . Let's know exactly what powers we are granting the State Legislature BEFORE we grant that power.

Since the Blue Ballot proposes a change in the Constitution of the State, two-thirds of the votes cast must be affirmative for adoption. Failure to vote has no effect on the outcome . . . failure to vote is NOT a vote against the measure.

County T. B. Tax Referendum

The County Referendum to continue the T. B. Tax does not represent new taxation, it is simply a matter of asking the voters of the county whether or not they wish to continue the work of stamping out Tuberculosis in Lake County.

A Yes vote on this proposition means that you wish to continue the work for another ten years. We believe that the voters should provide this service for our County for at least another ten years.

The Board responsible for levying taxes and carrying out the program, which includes operation of the Lake County Sanatorium, has never levied the maximum rate of 75c per \$1000 of assessed valuation, the average being about 56c. Tuberculosis is NOT stamped out completely in Lake county and until it is we recommend that the work be carried on.

Health Department:

A proposal to set up a County Health Department will be submitted on the county ballot. If passed, this measure would provide that a taxing body would be set up, with power to levy a county-wide tax estimated to produce about \$500,000.00 annually.

We believe that this proposal should be defeated because we believe that such a county department would not provide the solution to our health problems. In addition, a study of such departments in other counties has shown that they are not generally effective, since the Illinois statute covering such a body does not provide power of enforcement of regulations but only the power to recommend.

Eighty-two Donors Listed As Giving To Rescue Squad Fund

These 82 donors added considerable amounts to the Antioch Rescue Squad fund, according to the Lions Club which sponsors the canvass for donations. Many of them you will recognize as your neighbors who are appreciative of the availability of the squad's service.

Paul Junke, Owner of Island at Lake Marie, To Be Buried Saturday

Paul B. Junke, owner of Junke's Island in Lake Marie, died Wednesday morning in Chicago.

Mr. Junke had lived in the Antioch area many years. He married Louise Venn at St. Peter's Roman Catholic Church here in 1909. They have four children, two sons, Paul Jr. and Charles; two daughters, Adele West, and Mary Lou Daniels. Fifteen grandchildren survive.

The funeral service will be held at 10 a.m. Saturday at St. Ita's Church, 5500 N. Broadway, Chicago. The body rests at the Rowland Funeral Parlor, 4152 N. Sheridan.

Locked Cars Damage Meter

A parked car belonging to Orville Yeager and the car belonging to Ernest Schlunz, driven by Judy Bentel, were slightly damaged, when the parked car was hit by the Schlunz car and knocked into a parking meter, breaking it off.

Route 59 Blacktopped

Rte. 59 is being blacktopped from Antioch to Ingleside this week. Also blacktopped for a short distance is the approach of Grand ave. to Rte. 59. The south prong of the Y at the intersection has been removed and Grand ave. now intersects the highway as a cross road.

Skating Party a Success

The Antioch Grade School Band association skating party held at Twin Lakes, Oct. 24 was a huge success. Enough money was obtained to pay the balance on newly purchased uniform jackets. Both parents and young people reported a wonderful time.

A MESSAGE TO OUR LAKE COUNTY NEIGHBORS FROM YOUR REPUBLICAN FRIENDS IN BOONE COUNTY

We in Boone County share a State Senator with Lake and McHenry County. How you vote is your own business, but we suggest that you read this open letter before you vote for State Senator November 6

Boone Anglers, Inc.
1210 Garfield Avenue
BELVIDERE, ILLINOIS

CONSERVE AND YOU PRESERVE

October 15, 1956

AN OPEN LETTER TO ALL VOTERS IN LAKE, McHENRY AND BOONE COUNTIES

OUR organization is devoted to decent, nonpolitical conservation in Illinois. That is the purpose of this message.

We need simple, intelligent, capable and fearless men in our State Senate. This we apparently do not now have. Senator Robert McCleary falls miserably to qualify. We find him to be timid, vacillating, book and forth, and to predicate his doings on what someone else tells him to do.

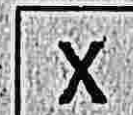

Our organization has fought for a bill to take the State Conservation Department out of political hands and place a commission such as 10 other states have. McCleary sponsored this bill, but he has been ineffective in helping to push it.

April 1, 1954, McCleary wrote us that we should range an appointment with the Governor to discuss this bill. That was the day McCleary took place on the 20, 1954, he broke away from his own bill and as he wrote us, he would not come to be in a position of working against the wishes of Governor Stroup. He did not even appear at a Senate committee hearing at which the bill was to be considered.

We consider McCleary a puppet in the hands of other men and is not the kind of representative we want in the Senate. Almost all our members are Republicans and we are not for the State Senate under a party label. We believe McCleary deserves the support of all who are concerned with conservation.

Sincerely,
Wm. F. Babcock

If You Want,

Mrs. Curtis Wells returned home on Tuesday, Oct. 23rd from a 3-weeks trip to Washington, D.C. and Florida. She and her sister-in-law, Mrs. Vera Robertshaw, and Mrs. Josephine Bowers of Washington, D.C. went to Florida by train and they toured the state by bus seeing all the main attractions and cities. They took the drive out to Key West over the many long bridges in hurricane weather. On Wednesday, Oct. 10th they spent afternoon and were supper guests of Mr. and Mrs. Joe Vachta at Largo, Florida. The Vachta family formerly lived at Channel Lake.

Mr. and Mrs. Wilson King and family and Mr. and Mrs. James Dorsey and daughters from North Prairie were Sunday (Oct. 21st) dinner guests at the Chris Poulsen home at White Water, Wis.

Mrs. David Bennett of Curtis, Wis. spent several days the first part of last week visiting relatives and friends in this vicinity. She visited Mrs. Will Thompson on Tuesday afternoon. She was a supper guest and overnite guest at the home of Mr. and Mrs. Will Strahan. She left for home on Wednesday.

Her friend, Mrs. Siedenbecker, of Rosecrans road, accompanied her home for a few days visit. Lt. and Mrs. R. E. Hunter and children of Great Lakes and Mr. and Mrs. Wilbur Hunter and Mrs. Harrie Tillison drove to Port Washington, Wis. on Saturday morning and were dinner guests of Mr. and Mrs. Wm. Halloda. Mrs. Tillison remained there for a weeks visit with her daughter and family, the Hallada's.

Mr. and Mrs. L. R. Van Patten of Victoria St., Antioch were Sunday dinner guests at the home of their son and family the Eddie Van Pattens. It was Mr. L. R. Van Patten's birthday.

Mr. and Mrs. Oscar Finkel attended the reunion dinner of the Class of 1926 of Warren Township High School, held at the Rustic Manor at Gurnee on Saturday evening. This was the first reunion held by this class of 21 members. 14 members attended.

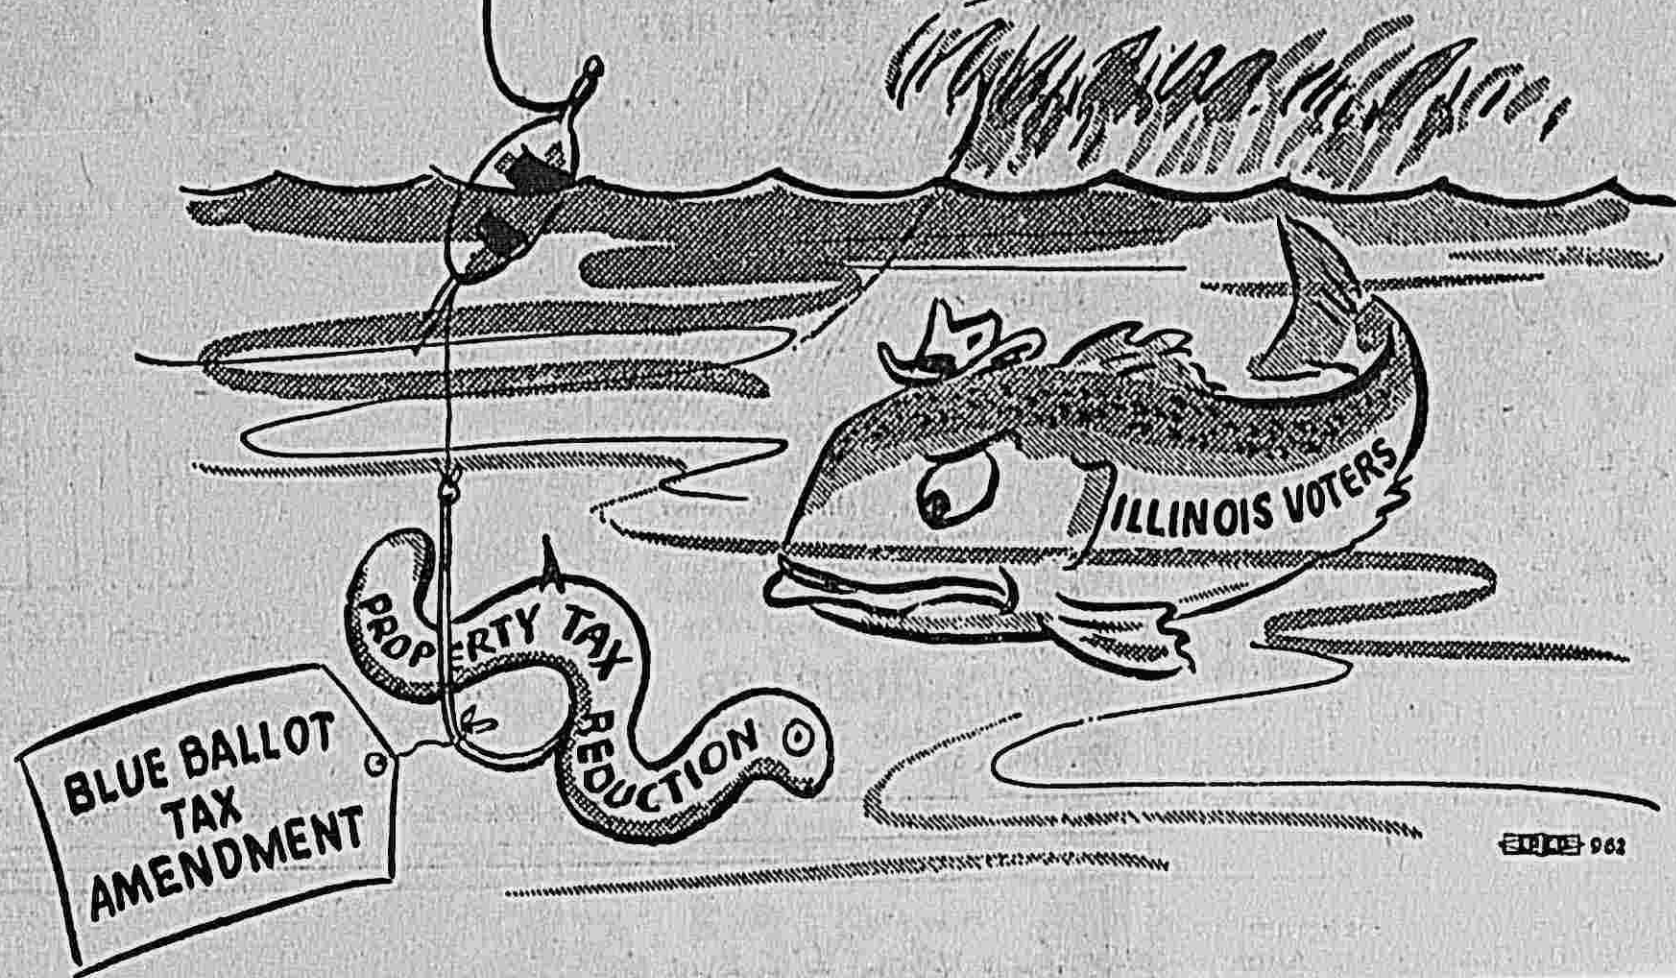

Mrs. Kenneth Lumley and daughter, Dolores, of Kenosha spent Thursday with Mrs. Wm. Richards.

Mrs. Bob Irish and son, Randy, were Monday (Oct. 29th) luncheon guests of Mrs. Wilson King.

Mrs. Florence Potter and the Misses Jane, Evaleen, and Anne Havna of Waukegan were Sunday afternoon callers at the Wm. Welch home.

Mr. and Mrs. Fred Leable visited

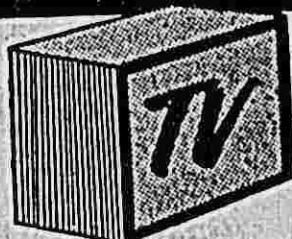

EVEN THE BAIT IS PHONY!

Mrs. Ethel Bennett in Kenosha Sunday afternoon.

Mrs. Dorothy Dean of Miami, Florida, and her sister from Chicago, also Mrs. Hervey Coulsen of Waukegan visited Mrs. Will Welch Monday afternoon, Oct. 29th.

"TAXATION WITHOUT
LIMITATION IS DANGEROUS"

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

A recent survey of thousands of traffic accidents resulting in deaths and injuries in a one year period which were investigated by the Illinois State Highway Police revealed that most of the accidents occurred on clear days on dry, paved stretches of highway.

There apparently is only one conclusion which can be arrived at when this startling revelation is analyzed. That is that the motorist, when he has "clear sailing"—good weather and other good driving conditions—relaxes.

The operation of a motor vehicle with the present day heavy highway traffic makes it absurd to think for one second that a motorist can relax when behind a steering wheel. This, of course, does not mean he is to be tense when driving. But it does mean that at all times he must be aware of his obligations to himself and to others—that he must always heed the rules of the road, and one of those rules is to always be on the alert. Some motorists may find it difficult to completely concentrate on driving when they have "clear sailing," but the road only leads to accident, injury or death if they do not.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to **CHARLES F. CARPENTIER**, Secretary of State, Springfield, Illinois.

OUT ON A LIMB

By **Stump McCulloch**

Young Hiram was drivin' to the county fair with his gal friend the other day, when they passed the popcorn booth.

"My!" exclaimed the gal, "ain't that nice?"

"Ain't what nice?" Hiram asked. "Why, the popcorn. It smells so good."

"It does smell kind of nice," the boy admitted. "I'll jest drive a little closer so you can get a better smell!"

The other day, I was talkin' to Mister William Mendenhall, who's in charge of Angeles National Forest out in California. Angeles Forest receives more visitors than any other national forest in the country—about two million a year! Like all forests, it has to be protected against fire—especially this time o' year. Most fires out there are caused by careless smokers and campers, he says, because they have a way of starting in areas where people are! Especially along secondary, unpaved roads, where a tossed cigarette butt can easily land on a pile of dry leaves or underbrush.

Auto accidents sometimes start fires, too, Mister Mendenhall says. So do kids playin' with matches, and so do fellers refilling Coleman stoves. This means the rangers have the problem of welcomin' two million visitors to the forest, but protectin' it against their carelessness. That's sorta like keepin' your guests from stealin' the silverware, it seems to me!

Seriously, though, these ranger fellers have a big job. By being careful with fire, we can help them a lot!

Like most national forests, Angeles sells some of its trees for lumber, and the money earned from the trees goes right back into the U. S. Treasury. Last year the Forest Service earned 82 million dollars from its trees, spent 50 million dollars on operations, and invested 24 million dollars in roads and other permanent improvements. Its forests are operated on a selective cutting basis—which means they grow as many board feet of timber every year as they cut for marketing. This shows mighty good management—and it makes just as much sense for tree farmers as for forest rangers!

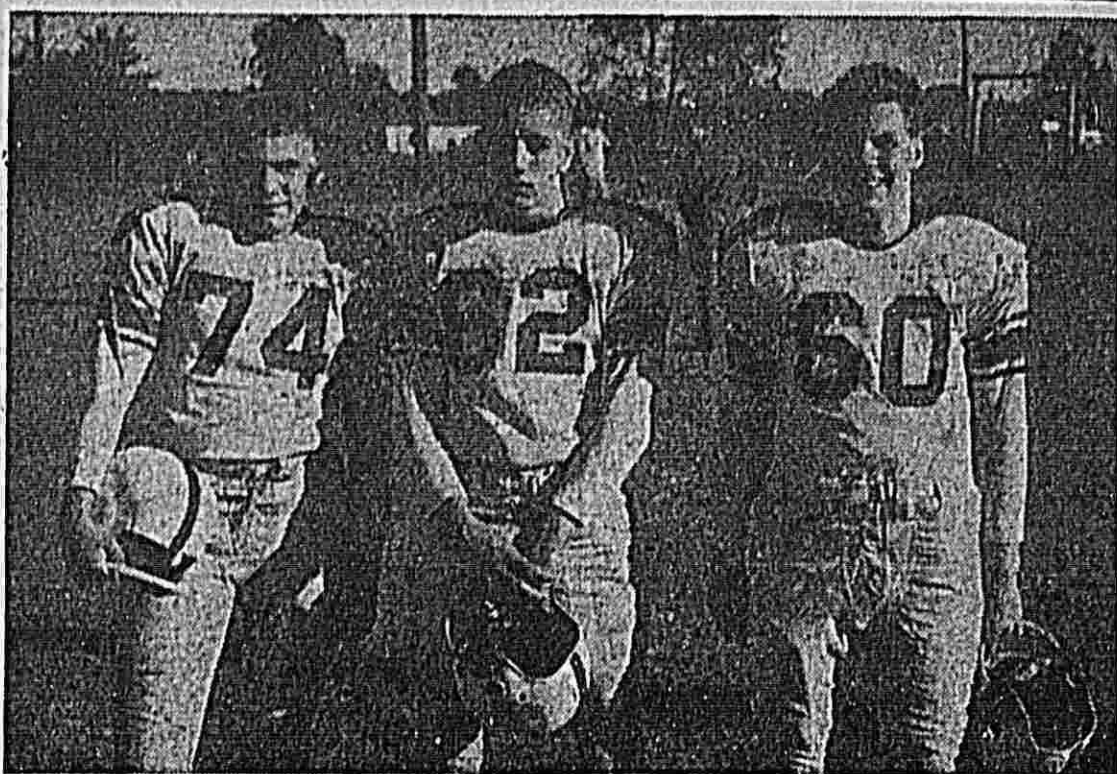

"How's that incubator you bought doin'?" Of Sam asked me the other day.

"All right, I guess," I told him, "but it ain't laid a single egg yet!"

So long, folks. See you soon!

The highest of praise for its economic soundness is being given to the Eisenhower policy of channeling private savings into private home investments to avoid opening the inflationary flood-gates of Government credit.

They're Good on Offense in the Line

Ray Van Patten, Elvin Meyer, and Jim Denton, left to right, bolster the Antioch Township High School football team. Van Patten, a senior, is a tackle and Meyer and Denton, both junior, are guards playing regularly on the offense. The latter have had two years of fresh-soph ball and one year of varsity. Van Patten has had two and two.

Under the present Administration in Washington social security benefits were increased and extended to ten million more workers.

A tighter security program imposed by the Eisenhower Administration has rid the government of potential security risks.

The car you might have expected in 1960 is at your Plymouth dealer's now! See it! Drive it! Own it!

PLYMOUTH!

Library News

Austin L. Rand is the Chief Curator of Zoology at the Chicago Natural History Museum, and his new book, "American Water & Game Birds" was prepared with the cooperation of the museum. Beautiful colored illustrations supplement the text, which describes the habits, range, markings, and qualities of interest to the sportsman, of water and game birds in all of our 48 states. "American Water & Game Birds" was presented to the Antioch Township Library in memory of William E. Schroeder.

"Wilderness for Sale", by Walter Havighurst, is of especial interest to middle westerners, because it is the story of the first western land rush. Settlers poured into the territory bounded by the Great Lakes, the Ohio River and the Mississippi, and in a few short years created the states of Ohio, Indiana, Illinois, Michigan, and Wisconsin. This fascinating history of the Old Northwest was given to the library in memory of Mr. and Mrs. Richard Wilton.

Deep Lake

Mrs. Millie Luehr, Correspondent
Eliot 6-4946

Harry Voss celebrated his birthday anniversary October 26, with a dinner, guests were; Mr. and Mrs. Raven and family of Deersfield, and Duke Mulvaney.

On Oct. 26, Sally Groot, Florence Larson, and Millie Luelin called on Mrs. Carrie Feldman who is convalescing at her home. Delicious refreshments were served.

Mr. and Mrs. Luehr were recent dinner guests of Mr. and Mrs. S. Olson of Loon Lake, the occasion being a birthday celebration for Mr. Luehr.

Mr. and Mrs. Szule and family and Mr. and Mrs. Harold Wlute of Chicago, were recent guests of Mr. and Mrs. Joe Gallin.

Sunday, October 28, happy birthday to Mr. and Mrs. Valdimar Peterson.

Despite the difficult transition to a peace-time economy, our national income and output are at record highs with individual income, left after payment of taxes, at the highest it has ever been.

The shipping mines of Illinois produced 3,692,756 tons of coal during September, according to the state Department of Mines and Minerals. This is an increase of 8,017 tons over the output in August, and

149,342 tons more than was mined in September of last year.

The September production came from 68 strip mines which turned out 1,368,099 tons, and 78 shaft mines that hoisted 2,324,657 tons.

BOWLING

Thursday Night Bi-State League

The Castle shoots high team series of season, 2795, taking two games from Linders who shot 2667 and high team game of 968. Ted Ozga of Shantytown Tavern sparks his team to two wins from Loon Lake Plumbing, his series was 673. R. Jorgensen of Cunningham Cartage had a high game of 285, which is tops for the year, also had a series of 660. S. Salinas of the Castle team also had a 613 with a 224 high. There were 23 games over 200.

J. Gaa and Son won three from Hickory Inn. Kirchmeyer Construction won three from Antioch Sheet Metal. Cunningham Cartage won 2 from Martin's Radio.

Beautivue won 2 from Filroy. Standings

Do NOT Abolish Township Tax Collectors! It's Going To Cost You Money!

YOUR TOWNSHIP TAX COLLECTORS

... are neighbors of yours, who do their jobs with wisdom and efficiency. A moderate 2% of collected taxes goes to cover their fee and expenses. But there's always money left over — and this goes into your own town fund, to be spent locally, where it belongs, for township expenses.

... know your schools need help. And they get it with the present system. But your schools will lose \$158,000.00 — your town funds will lose another \$242,000.00 — if you vote to abolish the town collector system. All this money (and more!) will pour from your pocket into County coffers. And how will your township replace these needed funds? Unpleasant as it seems, the fact is that your tax rate will have to be raised!

... know — and are known by — the folks who live in your town. They are thoroughly trained and experienced. They require only minimum clerical help. They often operate right from home, or from a corner of the town office. All this keeps expenses down, puts a greater share into your town funds — literally, saves you money!

... know that paying taxes is necessary, though hardly pleasant. But they believe you should be put to as little trouble as possible in doing so. That's why they make a point of seeing you as close to home as possible ... just one more way of a neighbor being neighborly.

THE LAKE COUNTY ADVISORY COMMITTEE

... sees the chance to "move in on a good thing." They would like to have you abolish a time-tested system and let the County Collector do the job — for a 50% premium! They feel the County should keep whatever it can get — and this means 3% of the tax collected (half again as much!). Whatever is left over after expenses belongs to the County — not to your township!

... knows "big government" costs big money. So they mean to grab \$500,000.00 in new revenue — from you! This money will be poured into a sort of "blank check" fund, to meet County deficits — and to finance County projects that may never do you any good! And why be careful with this half-million dollars — after you, in effect, have signed a blank check on the public account?

... doesn't know you — doesn't particularly care to. They're interested only in your money. And they'll have to hire a horde of half-trained workers to process it on an assembly-line basis. This will be expensive — and that's one reason why the County needs that 50% premium to foot the bill!

... adopts the attitude — so prevalent these days — of automatic, impersonal government. They don't think you ought to mind traveling all the way to Waukegan, battling traffic and parking problems, waiting in crowded lines — for the privilege of paying your taxes!

That's the story — which shall it be?

Teacher Shortage Laid to Lack Of Facilities

UNIVERSITY PARK, Pa.—The current teacher shortage is due primarily to the dearth of facilities in teacher training institutions rather than to lack of prospective education students.

This is the opinion of Dr. R. H. Amalong, in charge of teacher placement at the Pennsylvania State University, who claims that hundreds of young men and women who want to become teachers cannot get into the teacher training institutions because of overcrowded conditions.

"I believe we could solve the problem of teacher shortages in the next ten years if we expanded teacher training facilities immediately," Dr. Amalong says.

While higher salaries will do much to attract more persons to the teaching profession and to retain those already employed, they are not the only answer, he claims, citing the lack of adequate teacher training facilities and staff as the crux of the problem.

Penn State, itself, has been forced to turn down a number of applicants to its College of Education because of lack of space, he points out.

The teacher shortage probably will worsen as the demand already is far outstripping the available supply, Dr. Amalong predicts. His office, which serves not only Pennsylvania, but the entire country, is receiving far more calls for teacher candidates this year than ever before.

Because they were the first to feel the pressure of the current population boom, the elementary schools in certain geographic areas are at present the most acute sufferers from the teacher shortage.

Why Do Students Select Teaching?

LOS ANGELES—What factors influence persons to become teachers?

Dr. Clarence Fielstra, assistant dean of the School of Education at UCLA recently surveyed 230 future teachers enrolled in an introductory education course.

He found that 50 per cent of the students had decided to become teachers while still in high school. Interestingly 18.2 per cent of the students had one or more parents who were teachers.

The three most important factors in influencing students to enter teaching, Dr. Fielstra found, were exposure to an inspirational teacher, encouragement from friends and relatives, and newspaper accounts of the teacher shortage.

In ranking 14 opportunities in teaching, men put "to get as good a salary as I could probably earn" at the bottom of the list. The women rated it only twelfth.

Politics Also Problem In Days of Romans

LOS ANGELES—Financing political campaigns is a problem almost as old as civilization, says a scholar of antiquity.

But, adds, Dr. Arthur Patch McKinlay, professor emeritus of Latin, at the University of California, we are fortunate that the Democrats and Republicans have sounder methods for soliciting campaign contributions than did the Romans.

In those days, he points out, it was common practice for enterprising five-percenters to pick out a likely young man and back him through a series of political offices, leading hopefully to the governorship of a province.

Once the backer's protege became province governor, it was the established practice for him to reimburse the stock company for its expenses by looting residents of the province with heavy taxation.

Homeowner Wants No Yellow-Hued Fireplug

CHARLOTTE, N. C.—Mrs. O. Z. Russell, 74, a retired school teacher, thinks yellow is a horrible color, unless it happens to be the color of a flower.

When a yellow fire hydrant was installed in front of her home she telephoned her objection to City Manager Henry Yancey.

Yancey asked Mrs. Russell what color she preferred to have the hydrant.

"White," she replies. So the only white hydrant in the city of Charlotte is now to be found in front of the Russell residence.

Holiday Treat

BONN, Germany—Residents of West Germany will eat their first American-raised Christmas turkeys this year, the Food Ministry has announced. It said \$1,100,000 worth of turkeys, chickens, ducks, and chicken livers have been bought in the United States.

This is the first time Germany has imported American fowl for the holidays.

Last Appearance Before Football Crowd Saturday

These cheerleaders are prepared to cheer the Antioch High School Varsity football team on to victory in the final game of the season here Saturday evening in which Wauconda will be the foe. They have done an excellent job all season, observers say. They are, left to right, Mary Shepard, Mary Forbrich, Rose Ellen Furlan, Marlys Miller, Janet Rogers and Judy Horton.

Finish Season as Frosh-Soph Cheerleaders

Leading the cheering at the Frosh-Soph football games this year are, left to right, Kathy Sarshon, Sharon Dittman, Charleen Keulman, Elaine Christensen, Judy Malek, and Sharon Gibbs. A lot of ability was shown by the group in its first appearance before large crowds.

Private Richard P. Haak, son of Mr. and Mrs. O. J. Haak, 439 Lake St., Antioch, Ill., recently was assigned to the 534th Armored Field Artillery Battalion at Fort Sill, Okla. Haak entered the Army last July

and received basic training at Fort Leonard Wood, Mo. He is assigned to the battalion's Headquarters Battery.

The 23-year-old soldier attended Purdue University.

ILLINOIS NEWS

A Dixon truck operator's artistic efforts to avoid payment of a \$447 half-year license fee cost him not only the license fee but an additional \$189.20 in fines and court cost plus 14 days in jail, Secretary of State Charles F. Carpenter said today.

The trucker, Hugh O'Rourke, was stopped by State Police Sergeant William E. Spencer of Oregon and Officer Raymond R. Talbert of Polo because he was carrying only one plate on his truck.

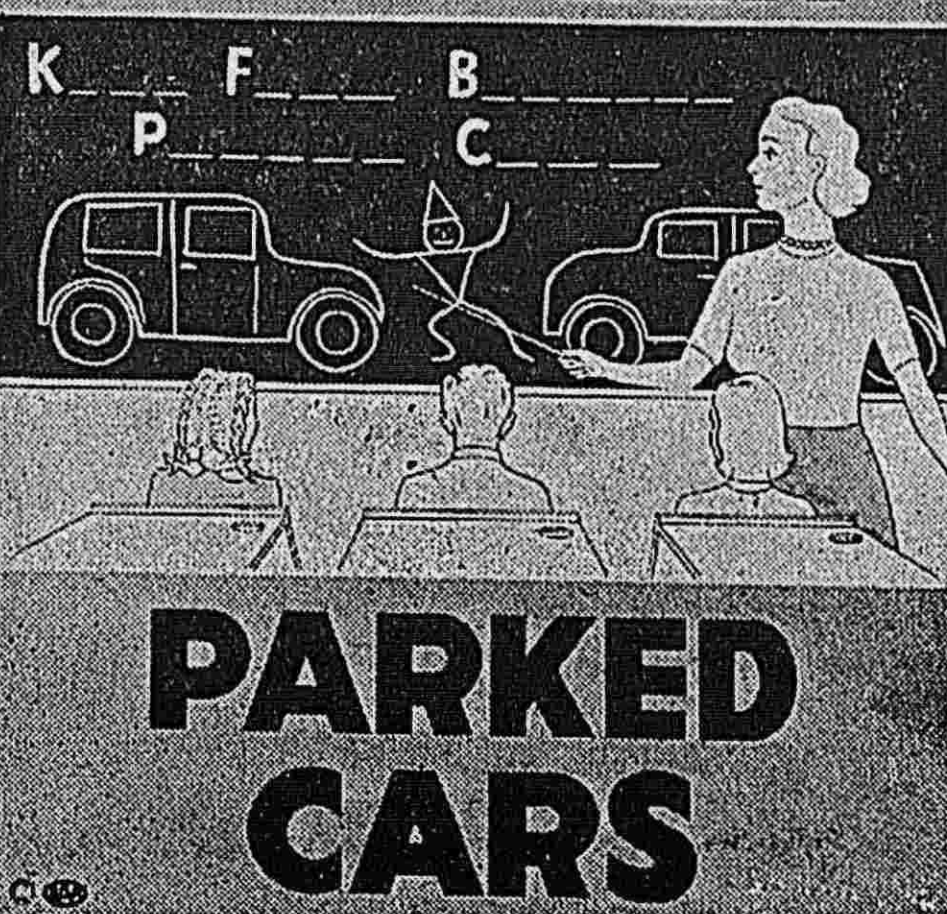

It was then discovered by the police officers that O'Rourke had changed a "G" plate to an "N" plate by stamping out the "G" and painting an "N". The job was so well done the substitution could be detected only by a close inspection of the plate.

It was learned, too, that even the "G" plate had not been issued to O'Rourke. He said he found it.

The officers took O'Rourke before Justice of the Peace Chester Landers of Oregon and charged him with altering license plates, carrying fictitious plates and not having a valid registration of the vehicle.

On O'Rourke's plea of guilty, Judge Landers imposed fines and court costs totalling \$259.20, which he declined to pay. He spent 14 days in jail instead, being credited with \$5 a day, before deciding to pay the balance of \$189.20. He also applied for a valid set of "N" plates, which cost him \$447 more. Since he had purchased the truck in August, he qualified for the half-year fee. Otherwise it would have cost him \$894.

KEEP FROM BETWEEN

PARKED CARS

Darting into the street from between parked cars is a dangerous practice and the cause of many injury or fatal accidents each year. A motorist has little or no warning when a child suddenly looms in front of his car. In haste to get out of the approaching cold weather, don't take the deathly short-cut between parked cars. Parents and teachers should warn youngsters of the danger of such practice. This is the message contained in the Chicago Motor Club's monthly safety poster, which has been distributed to more than 44,000 elementary school classrooms throughout the Motor Club's Illinois and Indiana territory.

Heating Equipment Due For Annual Inspection

Heaters which bring warmth to your household this winter may also bring death.

This warning comes from the Institute for Safer Living. Hundreds die from fires every year in the United States. Many of these deaths are the direct result of faulty heating equipment.

Have you checked your heater this year? If not, a cry of alarm in

the night or a loud explosion may be the result of your failure to make a timely discovery of defective equipment.

Portable kerosene stoves used in many congested city areas and some rural communities are especially dangerous, the Institute cautions. Many are moved from place to place in a household even while burning. On chilly nights they are pulled close to the bed often igniting blankets and bedclothes. A child stumbling to the bathroom at night may knock it over spreading

flames throughout the house. Frequent filling also presents a fire hazard when the burner overflows and floors are saturated.

If you find it necessary to use this type of burner the Institute advises it should be checked for holes or weak spots where punctures can easily occur. Rusting and corrosion are also factors to be considered in checking the equipment.

Oil space heaters and kitchen range burners can also be hazardous. Here again you have the difficulty of frequent refilling. But you should also check to make sure burners are leveled, you have proper draft, and the tank is correctly positioned.

If you use a portable heater as a makeshift clothes dryer you may have more than damp socks to worry about in the morning, the Institute warns.

In power burners, the biggest cause of fires is delayed ignition. With oil pouring into the burner an explosion can occur anytime. At the start of each heating season your burner should be checked by a licensed burnerman to make certain that the heating system is in proper working order.

A big cause of fires in heating equipment is the "do it yourself" burner installation man. The institute warns only an expert knows the proper clearances for various

heaters and keeps in mind the closeness of combustible materials.

"Bottled Gas" such as propane and butane can be dangerous if your tank springs a leak. Heavier than air, the gas could settle under your house—just ripe for an explosion.

The Institute points out there is no nation-wide requirement that heating equipment be checked for fire safety before being sold. Some have their products approved by reputable testing laboratories, but others just start manufacturing.

Everyone likes to gather around a warm fire during the cold months, but not if the heat's coming from your burning house.

Boy Scouts to Visit 35 Million Homes

Just before Election Day, November 6, the nation's 4,175,134 Cub Scouts, Boy Scouts, Explorers, and their leaders will place on the doorknobs of 35,000,000 homes Liberty Bell hangers, shown above, urging every citizen to vote. The Scouts' "Get-Out-the-Vote" campaign is being conducted in cooperation with Freedoms Foundation of Valley Forge. It is entirely non-partisan, without reference to any candidate or party.

Hints On Plumbing Fixture Cleaning

By following a few simple rules, you can give your new plumbing fixtures extra years of usefulness and beauty.

Wash your kitchen and bathroom fixtures regularly with soap and warm water. Many housewives have turned their shiny new fixtures dull within a short period by ignoring this simple advice.

Just as many others, however, have cut thousands of tiny marks into china surfaces by using harsh abrasive cleaners.

Never permit fruit or vegetables to drain on the surface of a fixture for any length of time. The acids from them may cause permanent stains. Grease, tea and coffee grounds also can cause hard to remove stains if left standing on fixtures. Letting pots, pans or silverware remain in the sink may cause rust spots.

You're liable to damage the enamel on your sink if you use it for chipping ice, chopping meat, slicing and shredding vegetables. Avoid dropping pots and pans into the sink or sliding them across the enameled surface.

Don't stand in a bathtub with your shoes on. Use a slide-proof bathmat to protect the tub's finish or take your shoes off.

If you overpack a medicine cabinet, containers may fall from it and break on a lavatory below, scratching the enamel finish.

Kitchen, laundry room or bathroom fixtures should not be used as receptacles for photographic developing solutions because stains are almost certain to result.

When a faucet starts dripping, have it repaired immediately or hard-water mineral deposits may appear on the basin.

Never ignore a stain which appears. If soap and warm water fail to remove it, try making a simple cleaning solution. Shave half-a-bar of naphtha-based laundry soap into a quart of warm water. Add two tablespoons of common kerosene.

guests of Mr. and Mrs. Harvey Brown.

Mr. Fred Hofmann and son, Bob, Mrs. Gerber and son, Darrell, Mrs. William Harms, John Grabow, Mr. and Mrs. Robert Ehler, Mr. and Mrs. Marlin Ehler and Dorreen, Mr. and Mrs. Donald Brown, Ranry and Gregory, Mr. and Mrs. Peter VanSlochteren and son, Roger, Mr. and Mrs. Robert Gerber and Kevin were entertained Sunday at the home of Mrs. Frank Ehler in honor of Kevin Gerber's first birthday.

Apply with a rag and wash off. This usually does the trick unless neglect has given the stain too much of a head start.

Should this fail to work, rub a mild abrasive cleanser lightly against the stain with a course cloth. Use plenty of water.

Never use any cleanser with an

acid or bleach content, even as a last resort. Acids will etch the surface of the fixture and bleaches will dull the gloss. With their use, subsequent cleaning becomes more difficult and your fixtures are subject to a deeper staining.

Of course, even the best of cleaning agents cannot bring old-fashioned plumbing equipment up to date. For this solution, install easy-to-clean modern fixtures that give matchless glamor to your bathroom and kitchen.

A little soap, warm water and attention can give new fixtures lasting beauty and a lifetime of usefulness.

Antioch

"Tell me, Little Bill—if electricity has come down, why has my bill gone up?"

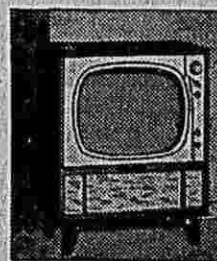

"Because nowadays you're using about 4 times as much electricity, sir!"

Look what pennies buy today

WHEN YOU LIVE THE MODERN **ELECTRIC** WAY!

Your automatic washer does 3 loads of laundry for only a penny.

Only a penny brings you over two hours of TV entertainment.

Your modern electric range cooks your meals for only 7¢ a day.

Your steam or dry iron makes quick work of ironing for 1½¢ an hour.

"Electricity costs less today, you know than it did 25 years ago!"
